

2010 WASHINGTON STATE Joint Aquatic Resources Permit Application (JARPA) Form

Instruction A: Completing JARPA 2010

I. Purpose of the JARPA

Joint Aquatic Resource Permit Application (JARPA) -- To streamline the environmental permitting process, multiple regulatory agencies joined forces to create one application people can use to apply for more than one permit at a time. The JARPA form can be found at www.epermitting.wa.gov and can be used to apply for the following permits and approvals:

Federal

- U.S. Army Corps of Engineers (Corps) Section 10 Permit
- U.S. Army Corps of Engineers (Corps) Section 404 Permit
- U.S. Coast Guard (USCG) General Bridge Permit
- U.S. Coast Guard (USCG) Private Aids to Navigation Permit

State

- Washington Department of Ecology (Ecology) 401 Water Quality Certifications
- Washington Department of Fish and Wildlife (WDFW) Hydraulic Project Approval
- Washington Department of Natural Resources (WDNR) Use Authorizations for State-Owned Aquatic Land
 - The WDNR has an additional application to use if you are applying for a Use Authorization at http://www.dnr.wa.gov/Publications/aqr_use_auth_app.doc

Local (City or County)

- Shoreline Conditional Use Permit
- Shoreline Substantial Development Permit
- Shoreline Variance
- Shoreline Exemption
- Shoreline Revision

II. Preparing and Submitting the JARPA

A. Before You Start →

1. Make sure you have a clear plan for your project.
2. Contact your local city or county government. Not all cities and counties accept the JARPA for their local shoreline permits. Use the "Questions to Ask Local Government" on page 4 of this document to help save you from making multiple phone calls to your local government.
3. Contact your local planning department. Find out if your project falls under the jurisdiction of the Critical Areas Ordinances and the National Flood Insurance Program. This can impact whether or not you may be able to use the JARPA.

4. Use the most current application being accepted by your local jurisdiction. It can be found at www.epermitting.wa.gov or by calling 800-917-0043 or emailing help@ora.wa.gov.
5. A State Environmental Policy Act (SEPA) Checklist will be required for most projects. SEPA analyzes the environmental impacts of a project, and must be completed before state and federal permits can be issued.
6. Contact each agency making permitting decisions. Most agencies will require more information or materials not specifically noted in the JARPA. Early coordination with all of the regulatory agencies may prevent delays in processing of your application.

B. When You Fill in the JARPA →

1. Make sure to check the box next to each permit you think you will need. You will need to send at least one signed copy of the application to all the agencies associated with the boxes you check.
2. If you need help determining which permit(s) you need, see Section F, "Get Help."
3. Be very detailed and specific about your project proposal; more information is better than less.
4. Make sure your site maps and drawings are consistent with the written description you give on the application.
5. Please select "N/A" for any questions that do not apply to your project. Do not just leave it blank.
6. If you have access to the Internet, use the "Help" screens available to clarify any confusing questions. If you do not have access to the internet, you can request a printed version of the help by calling 800-917-0043 or emailing help@ora.wa.gov.
7. Use the Pre-Submittal Checklist in section VI of this document to make sure you have everything you need to submit a complete application package.
8. While you only need to complete one application, you must sign each copy of the application you submit to each agency. This means you must first make copies of the application, then sign each copy with your original signature. Agencies will not accept applications with a copied signature.
9. Understand that when you sign the application, you give the permitting agencies the right to enter the property where your project is located. This is to inspect the proposed, in-progress, or completed work. You also agree to start work ONLY after you get all the necessary permits.

C. What To Expect After You Submit Your Application →

1. Most agencies will need more information than required on the application. When the review process starts, they will find out what other information they need to make a decision about your permit.
2. If you get a letter from an agency requesting more information, respond with a letter of acknowledgement as soon as possible. This will help prevent project delays.
3. If you make changes to the project or site plans during the permitting process, send the updated information to each permitting agency. If you do not send this, it may delay your permits and project construction, or you may receive a penalty.
4. Call the Office of Regulatory Assistance (ORA) Information Center at 800-917-0043 or help@ora.wa.gov if you have any questions or concerns. We are here to help you.

D. JARPA Help Feature →

The JARPA has a great help screen feature for each question. Each screen will give you instructions to help you create a complete application package. You must have an Internet connection to use this feature. If you need a printed version of the help, please call 800-917-0043 or email help@ora.wa.gov.

E. Submitting Copies Of The JARPA →

Carefully determine all agencies you should submit a copy of your completed JARPA to (all those you have checked on the application) and determine the correct agency mailing location for your project from the list provided. Mailing information is available at:

http://www.eppermitting.wa.gov/site/alias__resourcecenter/jarpa_jarpa_contacts/2489/jarpa_contacts.aspx.

F. Get Help

If you have a question about the application or additional documents, call the Governor’s Office of Regulatory Assistance (ORA) Information Center at 800-917-0043 or send an email to help@ora.wa.gov.

You may also find helpful information at these locations:

1. **On-Line Permit Assistance System (OPAS):** <http://www.ora.wa.gov/resources/questionnaire.asp>
Fill out an on-line questionnaire to find out what permits you may need for your project.
2. **Environmental Permit Handbook:** <http://www.ora.wa.gov/resources/handbook.asp>
Look here for the most current permit information.

III. Questions to Ask Your Local Government or Planning Department

Use the spaces below to make note of the date, the person you spoke with, and their answers.

A. **Do they accept the JARPA?** Not all cities and counties accept the JARPA form for their local shoreline permits.

B. **Does your project fall under the jurisdiction of the Critical Areas Ordinances and the National Flood Insurance Program? If so, can you use the JARPA?** If your project does fall under either of these laws, you may not be able to use the JARPA.

C. **What is the 1/4 Section, Section, Township, Range, Government Lot, Latitude, Longitude and the Tax Parcel number for the property?** Ask your local planning department for information required for part 5 on the JARPA. This information may also be located on the property deed, or you can determine the section, township, and range through the Water Resource Inventory Area (WRIA) at: <http://www.ecy.wa.gov/services/gis/maps/wria/townships/trs.htm>.

D. **What is the Shoreline Designation of the proposed activity location?** These are assigned by local governments and listed in their local Shoreline Master Programs. Find your local government contact information at: http://www.ecy.wa.gov/programs/sea/SMA/local_planning/index.html. Also, ask about public notice requirements for shoreline management compliance.

E. **What is the zoning designation of the property?** Examples include Residential, Rural, Agricultural, and General Commercial.

IV. Site Maps and Drawings

- A. You must include site maps and drawings for an application package to be considered complete.
- B. The U.S. Army Corps of Engineers (Corps) requires 8 ½" x 11" black and white drawings for fax and public notice purposes.
- C. Drawings have to be clear and legible, so reductions of larger versions may not be suitable.
- D. You may submit larger drawings in addition to the 8 ½" x 11 that are more legible and easier to discern. This could speed up the review process.
- E. Follow the Guidance for Completion of Drawings available at the Corps' Web site.
http://www.nws.usace.army.mil/PublicMenu/Menu.cfm?sitename=REG&pagename=Drawing_Checklist.
- F. See the Washington Department of Fish and Wildlife (WDFW) guidance for a complete application here:
http://wdfw.wa.gov/licensing/hpa/hpa_criteria.html.
- G. Remember there are at least three types of illustrations required:
 - 1. Vicinity map
 - 2. Plan view (bird's eye view)
 - 3. Cross-sectional view
- H. Include photographs of the site if possible. Aerial photos and photos looking toward the shoreline from the water are especially helpful.

- I. Show upland features of the project site, in addition to the work waterward of the Ordinary High Water Mark (OHWM).
- J. Consider creating the drawings so the vertical skew or exaggeration is scaled to the horizontal (e.g. vertical exaggeration to horizontal is 1:10), and skewing the scale to the cross-section profiles.
- K. For joint-use structures (structures to be used by more than one property owner), provide a site map showing the location of the different joint-use properties.
- L. The Washington Department of Fish and Wildlife (WDFW) requires general plans for the overall project, complete plans and specifications for the proposed construction, and complete plans and specifications for the proper protection of fish life. For the specific plans, WDFW typically requires “plan profile (bird’s eye view) and section” views. They limit the size to 11” x 17”. Check this Web site http://wdfw.wa.gov/licensing/hpa/hpa_criteria.html for a brief discussion of what WDFW needs for “complete plans and specifications for proper protection of fish life.”

V. Sample Wetland Mitigation Table

If wetlands are present, consider including a Mitigation Table like the one below.

The table should include:

- A. Area (sq. ft.)
- B. Cowardin Classification¹
- C. Ecology rating²
- D. Impacts (sq. ft.)
- E. Compensation
 - o Reestablishment or Creation (Areas and Ratios)
- F. Rehabilitation
 - o Areas and Ratios
- G. Enhancement
 - o Areas and Ratios

Wetland	Area (sq ft)	Cowardin Classification	Ecology Rating	Impacts (sq ft)	Compensation					
					Reestablishment or Creation		Rehabilitation		Enhancement	
					Area	Ratio	Area	Ratio	Area	Ratio
A	43,662	PSS	II	18,654	18,654	1:1			74,616	4:1
B	10,378	PFO	II	1,078	3,234	3:1				
C	8,374	PEM	IV	8,374			25,122	3:1		
Total	54,040			19,732	21,888		25,122		74,616	

1 The Cowardin classification system categorizes wetlands by hydrologic regime, vegetation type, and substrate. See <http://www.npwrc.usgs.gov/resource/wetlands/classwet/index.htm>.

2 The Washington State Wetland Rating System categorizes wetlands based on specific attributes such as rarity, sensitivity to disturbance, and functions. Western Washington, see <http://www.ecy.wa.gov/pubs/0406025.pdf>. For Eastern Washington, see <http://www.ecy.wa.gov/pubs/0406015.pdf>.

VI. Pre-submittal Checklist

Review the checklist below to ensure you have a complete application package to submit to each agency.

- In Part 10 of the application, did you indicate which permits you are applying for?
- Have you included JARPA Attachments A-D as necessary?
- Did you locate the correct mailing addresses for the agencies?
- Have you included complete construction drawings and specifications along with any maps and photos to support your project description? (Attachments must be in 8 ½ x 11 format for the Corps, and no greater than 11" x 17" for WDFW.)
- Did you include your SEPA decision letter?
- If you are applying for an HPA from the Department of Fish and Wildlife by submitting paper copies of your application materials, and your completed application (with attachments, photos, etc.) contains more than 30 pages, did you include digital files of all application documents on a CD or other digital storage media in formats compatible with Microsoft Word, Microsoft Excel, or Microsoft Access programs, or in PDF, TIFF, JPEG, or GIF formats? If you are emailing your application materials to the Department of Fish and Wildlife, did you save all of your materials in only those formats? Other formats cannot be accepted and may result in processing delays.
- Did you sign and date the application (sign each one you will send to a reviewing agency) and any other necessary forms?
- Did you make copies of your completed form and any attachments to send to the agencies you are applying to for permits?
- Did you keep a copy of all documents submitted and a list of the agencies you submitted them to?

You may also need to include:

- Wetland delineation report and copies of delineation data sheets.
- Wetland rating forms, including figures.
- Mitigation plan.
- Other information agencies have requested.

Keep in mind that agencies may ask for additional information to complete your application.

VII. Submittal Addresses and Contact Information

Mailing location for Shoreline permits

Send to: Appropriate city or county planning, building, or community development department.

- For city and county contact information, go to: <http://www.mrsc.org>. Click on the “LINKS” tab to find your city or county.

Mailing location for Hydraulic Project Approvals (HPA)

Send to: Washington State Department of Fish and Wildlife

- Submit your application to the headquarters office in Olympia unless you are requesting emergency processing.
- You should request emergency HPAs verbally from the local Area Habitat Biologist. Coverage areas and contact information for Area Habitat Biologists are available at <http://wdfw.wa.gov/conservation/habitat/ahb/>. After business hours, contact the emergency hotline at (360) 902-2537.
- Requests for modifications of issued HPAs must be submitted in writing to the Area Habitat Biologist that is listed at the bottom of the HPA. Requests for modifications of emergency HPAs may be made verbally to the Area Habitat Biologist that issued it.
- Application documents may not exceed 11” x 17”.
- If your application package (including the JARPA, plans, photos, etc.) contains more than 30 pages, also include digital files of all application documents on a CD, DVD, or other electronic storage media in formats compatible with Microsoft Word, Microsoft Excel, or Microsoft Access programs or in PDF, TIFF, JPEG, or GIF formats.
- You may submit your application package by email. The subject line of each email must state “JARPA for HPA”. Your application materials may only be in the formats identified above. The JARPA must include your signature. The combined size of the attachments to any single email must be less than 30 megabytes. Submit several emails with fewer attachments to avoid exceeding this size limit. When Washington State Department of Fish and Wildlife receives your email it will send notification of receipt to the sending email address. If you do not receive this notification, your application has not been received and you should resubmit it with fewer or smaller attachments and double-check your spelling of the email address.
- Applications packages submitted by email must contain all application materials you are submitting for consideration. Do not additionally submit paper copies to supplement your emailed application.

Headquarters

Receives all new applications when emergency processing is NOT being requested.

Habitat Program
600 Capitol Way North
Olympia, Washington 98501-1091

Mailing location for General Bridge Act Permits and Private Aids to Navigation (for non-bridge projects)		
Send to: United States Coast Guard		
Section 9 Bridge Permit	Commander 13th Coast Guard District (OAN) 915 Second Avenue. Room 3510 Seattle, WA 98174-1067 Attn: Bridge Administrator	Tel (206) 220-7282 Fax (206) 220-7265
Private Aids to Navigation	Commander 13th Coast Guard District (OAN) 915 Second Avenue, Room 3510 Seattle, WA 98174-1067 Attn: PATON Manager	Tel (206) 220-7285 Fax (206) 220-7265

VIII. Resources and Helpful Information

On-line and Other Resources

- **Washington Environmental Permitting Information:** www.epermitting.wa.gov. This Web site has the most up-to-date JARPA forms, guidance documents and contact information.
- **On-line Permit Assistance System (OPAS):** <http://apps.ecy.wa.gov/opas>. OPAS is an online questionnaire that asks a series of 'yes' or 'no' questions to help determine which permits and approvals may be required for your project.
- **Environmental Permit Handbook:** <http://apps.ecy.wa.gov/permithandbook>. The Environmental Permit Handbook provides an overview for each environmental permit, including contacts and resources for more detailed information. You can view the handbook online or download a copy. Links to descriptions of common environmental permits in the JARPA are listed below:
 - Shoreline permit and local permits:
 - Substantial Development: <http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=38>
 - Conditional Use: <http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=44>
 - Variance: <http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=45>
 - Floodplain Development Permit: <http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=47>
 - WA Department of Fish & Wildlife Hydraulic Project Approval: <http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=25>
 - WA Department of Ecology Section 401 Water Quality Certification: <http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=43>
 - WA Department of Natural Resources Aquatic Resources Use Authorization: <http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=31>
 - Department of the Army permits :

- Section 404 (discharges into waters of the US):
<http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=37>
- Section 10 (work in navigable waters):
<http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=36>
- United States Coast Guard permits
 - General Bridge Act Permit: <http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=106>
 - Private Aids to Navigation (for non-bridge projects):
<http://apps.ecy.wa.gov/permithandbook/permitdetail.asp?id=98>
- **Governor's Office of Regulatory Assistance Information Center** - The Governor's Office of Regulatory Assistance Information Center is a great resource when you have questions about the JARPA form or process. Center staff can answer questions about the permits your project may need and provide you with the contact information for staff at local, state, and federal offices that can help you. The Center is open Monday through Friday from 9:00 am to 4:00 pm. Staff can be reached at 800-917-0043 or by email at help@ora.wa.gov.

Helpful Hints

- A. Give yourself plenty of time.
- B. It will take some time to gather the information you need to complete the application.
- C. Find out if you can use the JARPA to apply for local Shoreline permits. Not all cities and counties accept the JARPA for their local Shoreline permits. If you think you will need a local Shoreline permit, contact the local city or county government to make sure they will accept the JARPA. Local government contact information can be found at <http://www.mrsc.org>. Click on the "LINKS" tab to find your city or county.
- D. Find out if your project falls under your county or city Critical Areas Ordinance or Flood Management program. You should contact your local city or county government to find out if your project falls under the jurisdiction of the local Critical Areas Ordinance or Flood Management program. If the project is within one or both of these jurisdictions you may not be able to use the JARPA to apply for a permit or approval. Local government contact information can be found at <http://www.mrsc.org>. Click on the "LINKS" tab to find your city or county.
- E. Make sure you fill out the most current version of the JARPA. The most current version is available at <http://www.epermitting.wa.gov>. You can also find up-to-date guidance documents and contact information at this Web site.
- F. Make sure you have a clear plan in mind for your project.
- G. Just like when you apply for a building permit, you should know what you plan to do before you start to fill out the application. This could include site drawings with dimensions, and information on impacts and mitigation.
- H. Contact and coordinate with each reviewing agency. Early coordination with all of the reviewing agencies can prevent delays in processing your application. Most agencies will require more information or materials than what is asked for in the JARPA. Early coordination could help agencies identify additional application materials you need to submit for a more efficient project review.

If you require this document in another format, contact The Governor's Office of Regulatory Assistance (ORA). People with hearing loss can call 711 for Washington Relay Service. People with a speech disability can call (877) 833-6341.

ORA publication number: ENV-024-09
